1. **Policy Statement**
   The Capital Plan for the University is the development and maintenance of the long-range physical vision of the university which encompasses the development of individual capital projects ensuring that they adhere to the University Master and Strategic Capital Plan.

   The development of Capital Projects involves understanding the project scope, site selection and programming requirements.

2. **Reason for Policy**
   To ensure that all capital plan and capital projects are developed under the authority of the University Facilities & Capital Planning department.

3. **Who Should Read This Policy**
   Chancellors, Vice Presidents, Deans, Directors and Department Heads should read this policy.
