6. **The Policy**

**60.9.56 OUT-OF-TITLE WORK (NON-FACULTY STAFF ONLY)**

I. **POLICY**

1. Out-of-Title work is the performance of duties or the provision of special services by a staff employee, usually for an area other than his/her assigned department, unrelated to the normal duties of his/her regular position title.

2. Additional compensation is paid to a staff employee beyond his/her regular rate of pay or annual salary when Out-of-Title work is performed.

3. University Human Resources approves the appropriate rate of this additional pay after completing a review of the work to be performed.
4. Out-of-Title work is not: (1) extra work due to a heavy workload, (2) related work performed in
the same unit at the same level pay classification as the staff employee is in now, or (3) work
performed at the same level, in the same department and charged to a different account.

5. Staff employees may engage in such special services provided that:
   - The Out-of-Title work does not diminish the staff employee’s efficiency in performing
     his/her primary work obligation. It is the employee’s responsibility to advise his/her
     supervisor that they are performing Out-of-Title work.
   - The Out-of-Title work is not performed during the staff employee’s normal workday.
   - The Out-of-Title work must be approved by University Human Resources prior to the
     work being performed.

6. Other considerations regarding Out-of-Title work:
   - Out-of-Title requests for staff employees holding visas must be reviewed by the Office
     of International Services to ensure that the visa status of the staff employee permits
     work beyond the primary position held at the University. It is the department’s
     responsibility to ensure the work is permitted.
   - For exempt staff employees, dual rates of pay may apply based on the customary
     rate of pay for the work being performed.
   - For non-exempt staff employees whose Out-of-Title work will cause them to work in
     excess of 40 hours per week, at a minimum, time and one-half (1.5x) must be paid
     based on the hourly rate of such employee’s regular position. Approval for using a
     non-exempt staff employee for an extended assignment may be denied as it may be
     more cost effective to hire a temporary staff employee.
